RIVERVIEW  
HIGH  
SCHOOL  
sarasota, florida

I search  
for many  
things  
and there  
are those  
who  
guide me.

the answers are not all in books,  
though they bear record of those  
who have answered much before.

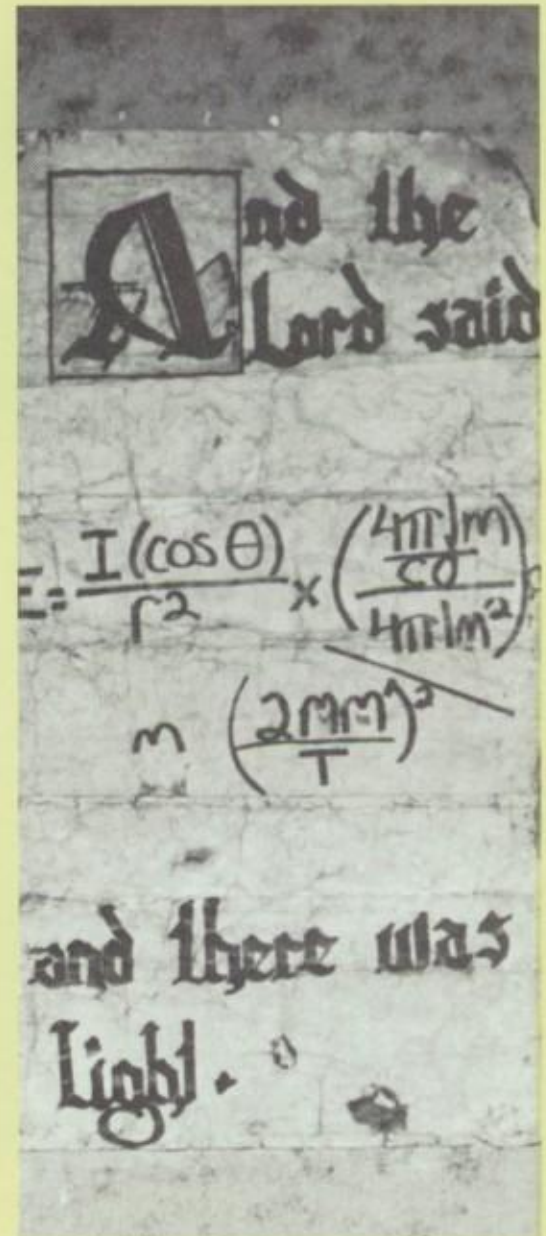

but now- there are new  
questions to be answered,

and I search  
beyond this.

beyond the  
classroom,  
beyond the  
text,  
|  
reach out and seek to know

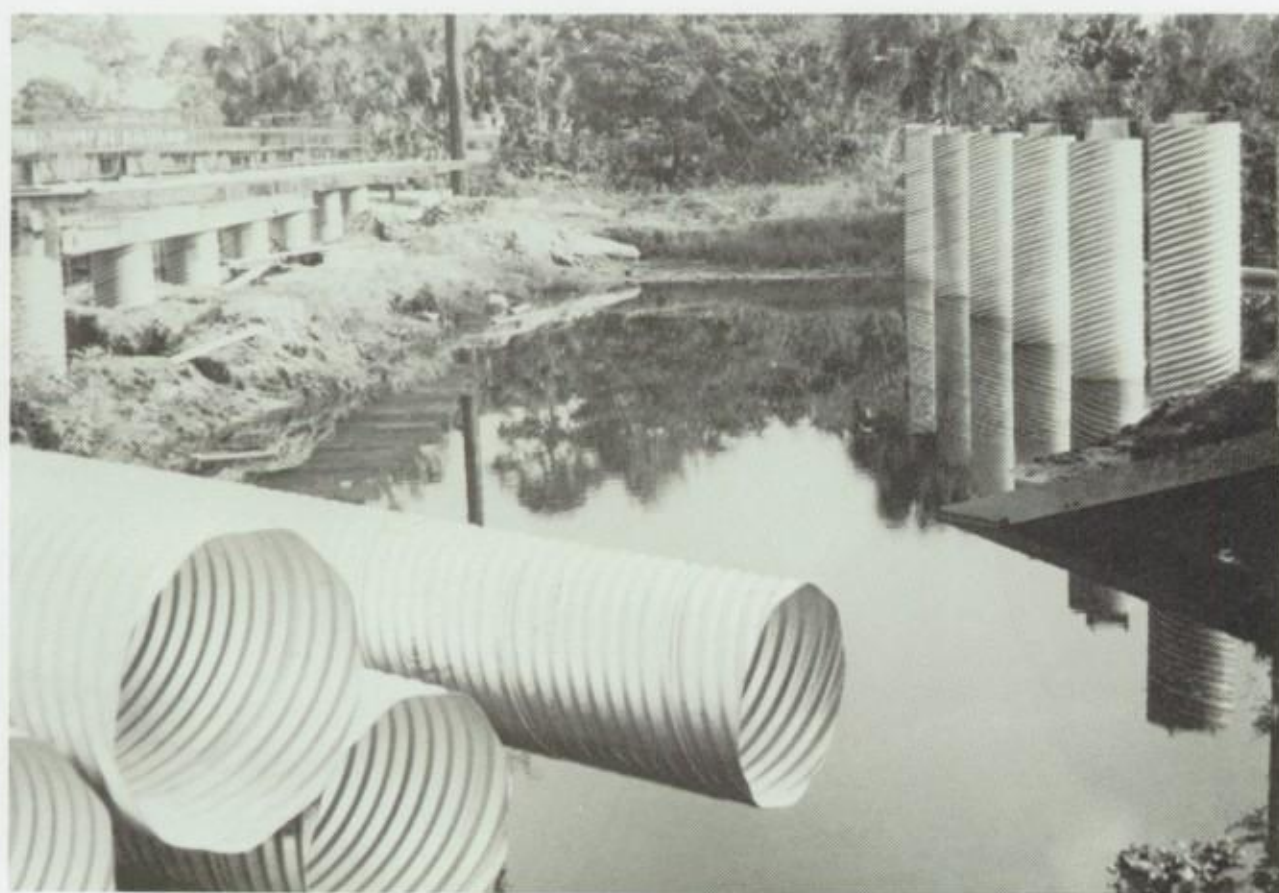

why men trample underfoot  
the infinite beauty of natural  
things and sacrifice upon the  
altar of progress this very  
earth, his home.

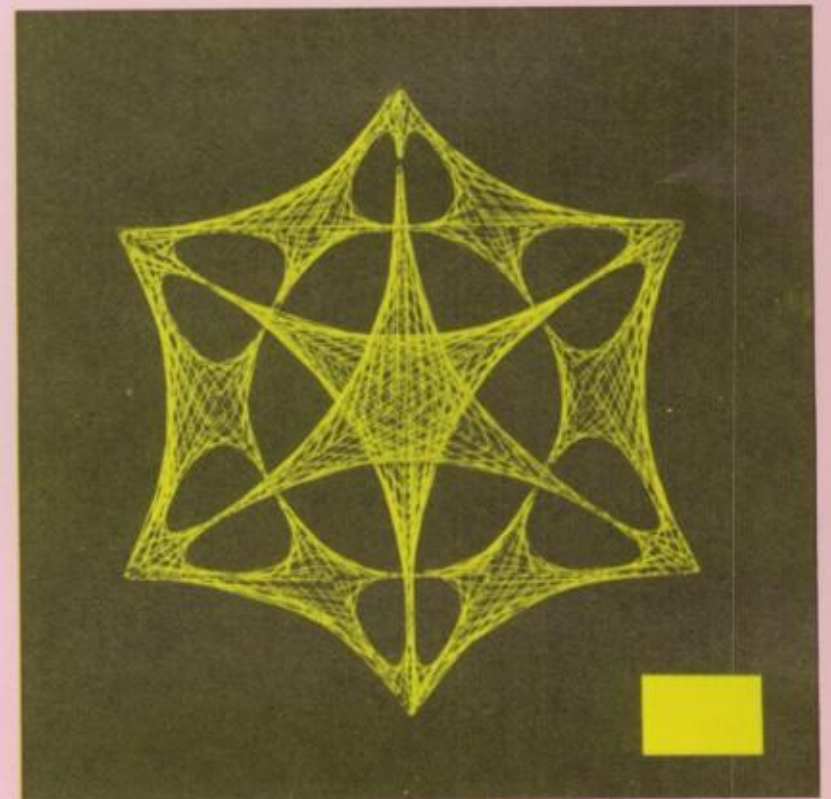

I seek life's meaning, my  
own identity, my creator. And  
most of all I need to know

how not to destroy  
the clean, the pure,  
the harmony of this  
creation

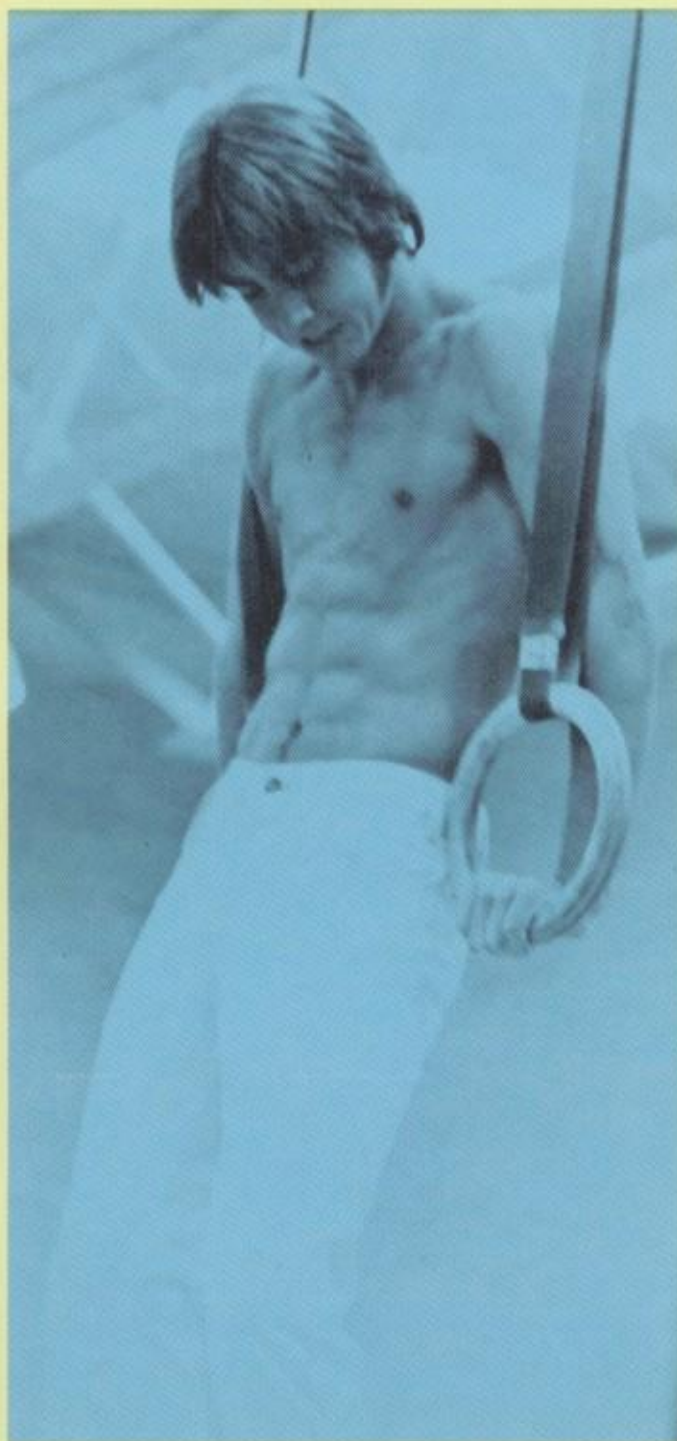

that tomorrow's children  
will be born to love in an  
unspoiled peace.

I search for  
many things-  
who has  
the answers?

The 1976 *TARTAN* is dedicated to our founding fathers and to the American nation in its Bicentennial year. Two hundred years ago, colonial patriots fought for the independence of the United States, and, with that victory, the dream of a people became the reality of a nation. A nation conceived in liberty, equality, and justice for all. In its two hundred years America has endured a war for independence, a civil war, two world wars, and several major conflicts. Countless millions of Americans have fought and died for the cause of liberty and the preservation of their nation. And yet — such obstacles are not all behind us. Our generation will face many problems, possibly of much greater magnitude. We can only hope that we will meet and solve these problems with the same courage and wisdom as the founding fathers, to whom this edition of the *TARTAN* is dedicated.

Riverview has long been noted for its excellent athletic teams. However, the 1975-76 Speech Club made Sarasotans aware of an outstanding academic team.

Summer vacation was the beginning point for several club members attending a national high school speech workshop at Georgetown University. Students attending this workshop won recognition for their achievements in debate.

Congress Debate season started the first week of school and continued through the first week in November with the final Congress Debate session in Tallahassee in the State Congress Chambers. In that tournament a young Riverview team broke the high point total record set just the year before by the 1974-75 Riverview Speech Club.

After Congress, the club branched out into the all-events tournament season consisting of competition in debate, extemporaneous speaking, original oratory, and interpretation of prose, poetry, and drama. In all, the team competed in over thirty contests throughout the west coast area, state of Florida, the nation, and in Florida Forensic League and National Forensic League tournaments. The highlight of the year was the Florida State High School Debate Tournament hosted by Riverview.

In addition, the club participated in the Bicentennial Youth Speaking Program sponsored by a grant from the National Endowment for the Humanities and endorsed by 100 state and national organizations. Coach Ron Carr was commended for his coordination of the program at the local and state level in a letter from President Ford. Club members participating in the program gave over fifty presentations to community, club, and church organizations. In connection with the Bicentennial, the club ventured into weekly television programs on Channel 40 sponsored by the Sarasota County Youth Commission.

The academic team at Riverview achieved recognition for the school, community, and its members through the vehicle of the public forum.

## black history week

Although these students do not belong to a club which promotes their activities, they are students who saw a need to observe National Black History Week by making each day of that week designated as a special activity day which included: Black Awareness Day; Afro Day; Culture Day; and Color Day. They also organized and presented a program for this week entitled "I Have a Dream", which depicted the struggles and the movement led by the late Dr. Martin Luther King, Jr. We commend them for their interest, efforts and commitment.

## average school day

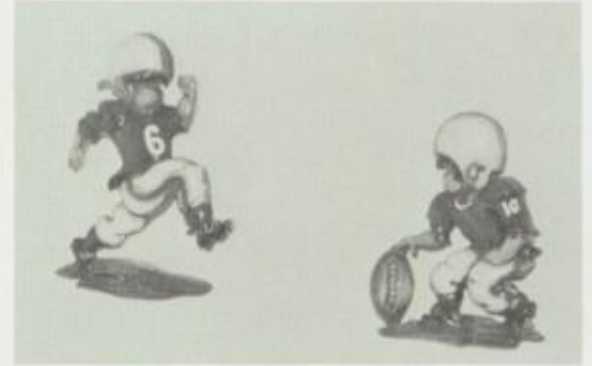

A common and yet a unique happening, a typical day at RHS. These scenes depict the commonplace, ordinary events in the daily routine of students. Events such as these take place every day at Riverview, but are seldom noted. Yet these are the moments we will most remember: a laugh with a friend, those impossible chemistry problems, the crowded hallways, or that special moment when we were filled with that undefinable feeling of sheer contentment.

They finished the regular season with a 17-10 record.

A birdie, a bogie, and a lot of pars, too, straight down the fairway for Riverview. So it was for the Riverview Golf Team, which consisted of seniors, juniors, and sophomores, in their 1976 golf season.

Coach Mason

Coach Murphy

Coach James Mason, who has coached the Rams off and on since 1959, is again in that position. The team has 16 returning lettermen and high morale. They should have a good season.

## in memoriam

Tracy Ross was an intelligent and vibrant young lady who lived her 18 years to the fullest extent. Her countless achievements and charismatic personality will not soon be forgotten. Tracy was a priceless asset to Riverview and will live forever in the hearts of many. To know her, truly was to love her.

In compiling this yearbook, our goal has been to try and record the atmosphere of Riverview, the events that occurred, the people who participated, and the attitudes of the students. We hope we have achieved that goal, because the purpose of any yearbook is to keep the school year "alive." So it is with a great deal of pride and satisfaction that we present this edition of TARTAN. It is difficult to put into words the thought, the preparation, the long hours, the bright moments and sometimes the disappointing moments of putting a yearbook to press. This end product is due to the devotion of the staff, as well as the patience and guidance of Mr. Fletcher and Mrs. Butler, and to our advertisers, without whom this book would not have been possible.

---

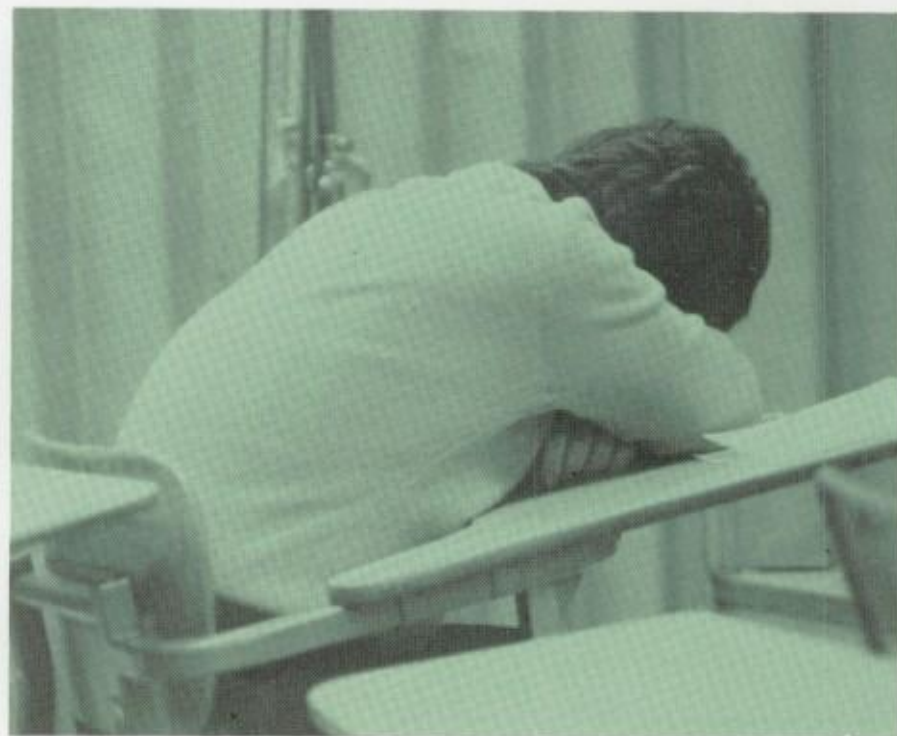

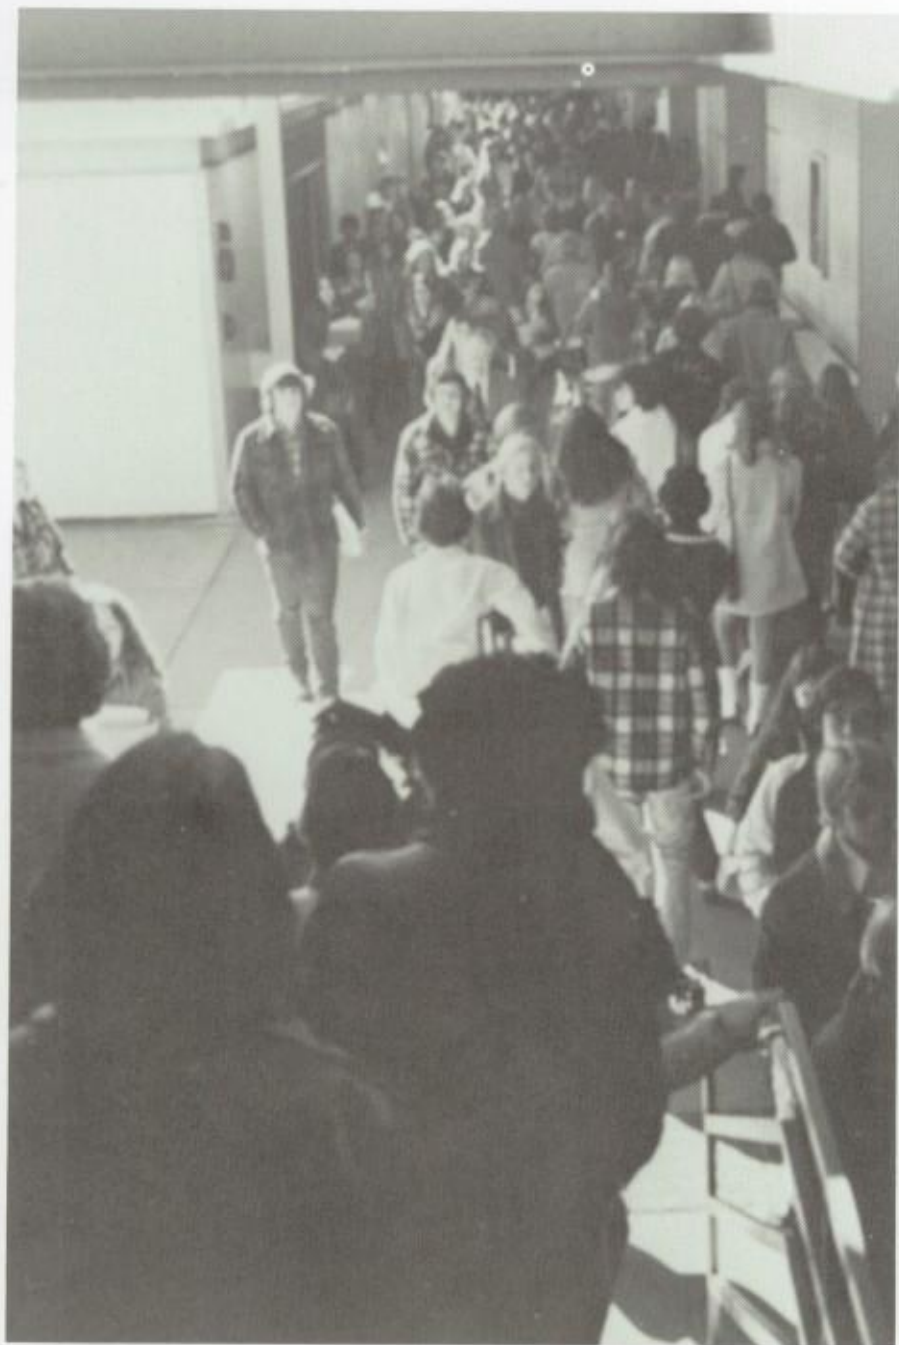

time . . . this was the time . . . then, suddenly, from  
a world of our own we were thrust into a hectic  
land of

study, thought, laughter.

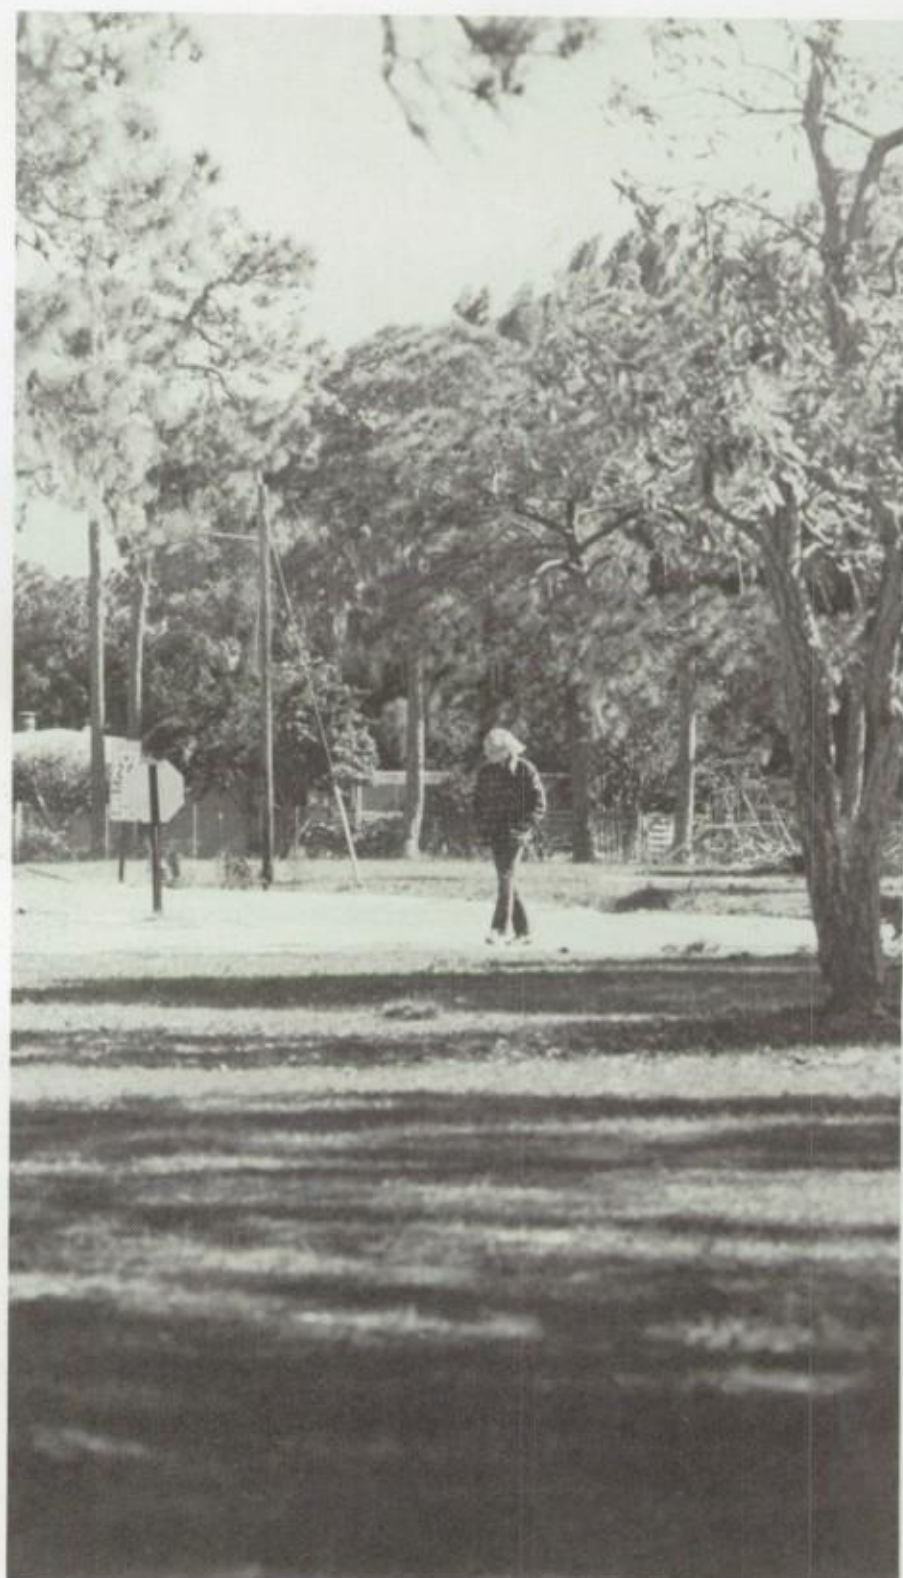

of rushing from one place to another: we stopped to talk with an old friend or meet a new one, and sometimes we slept.

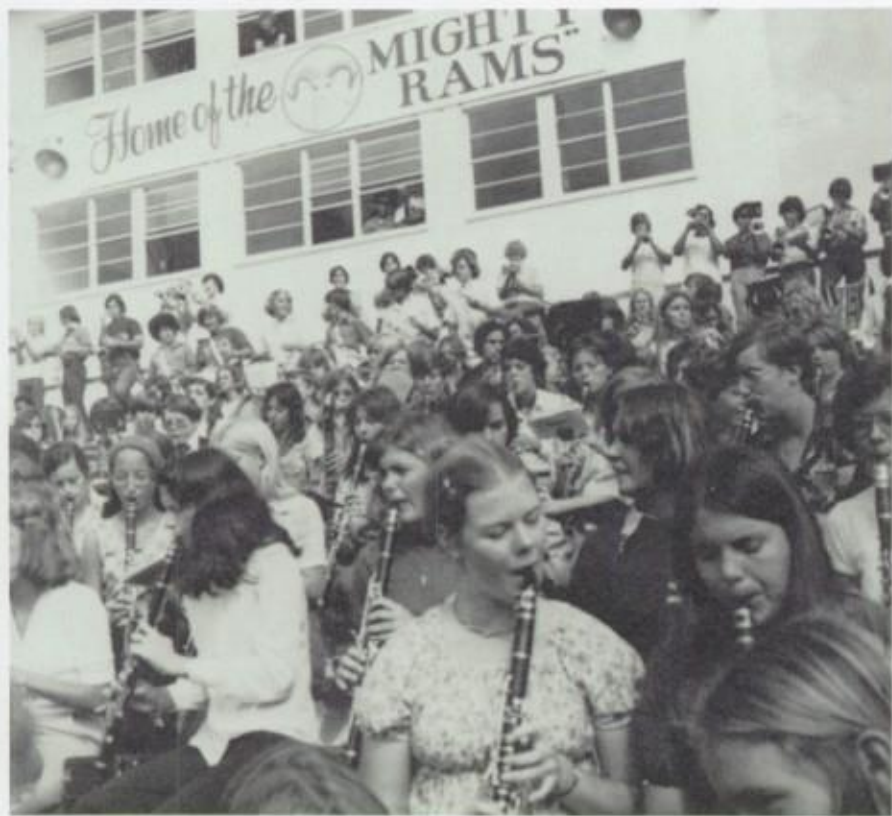

a time to scream as we cheer our team on to  
victory – to shiver at winter's first chill,  
or feel the warmth of a lasting friendship.

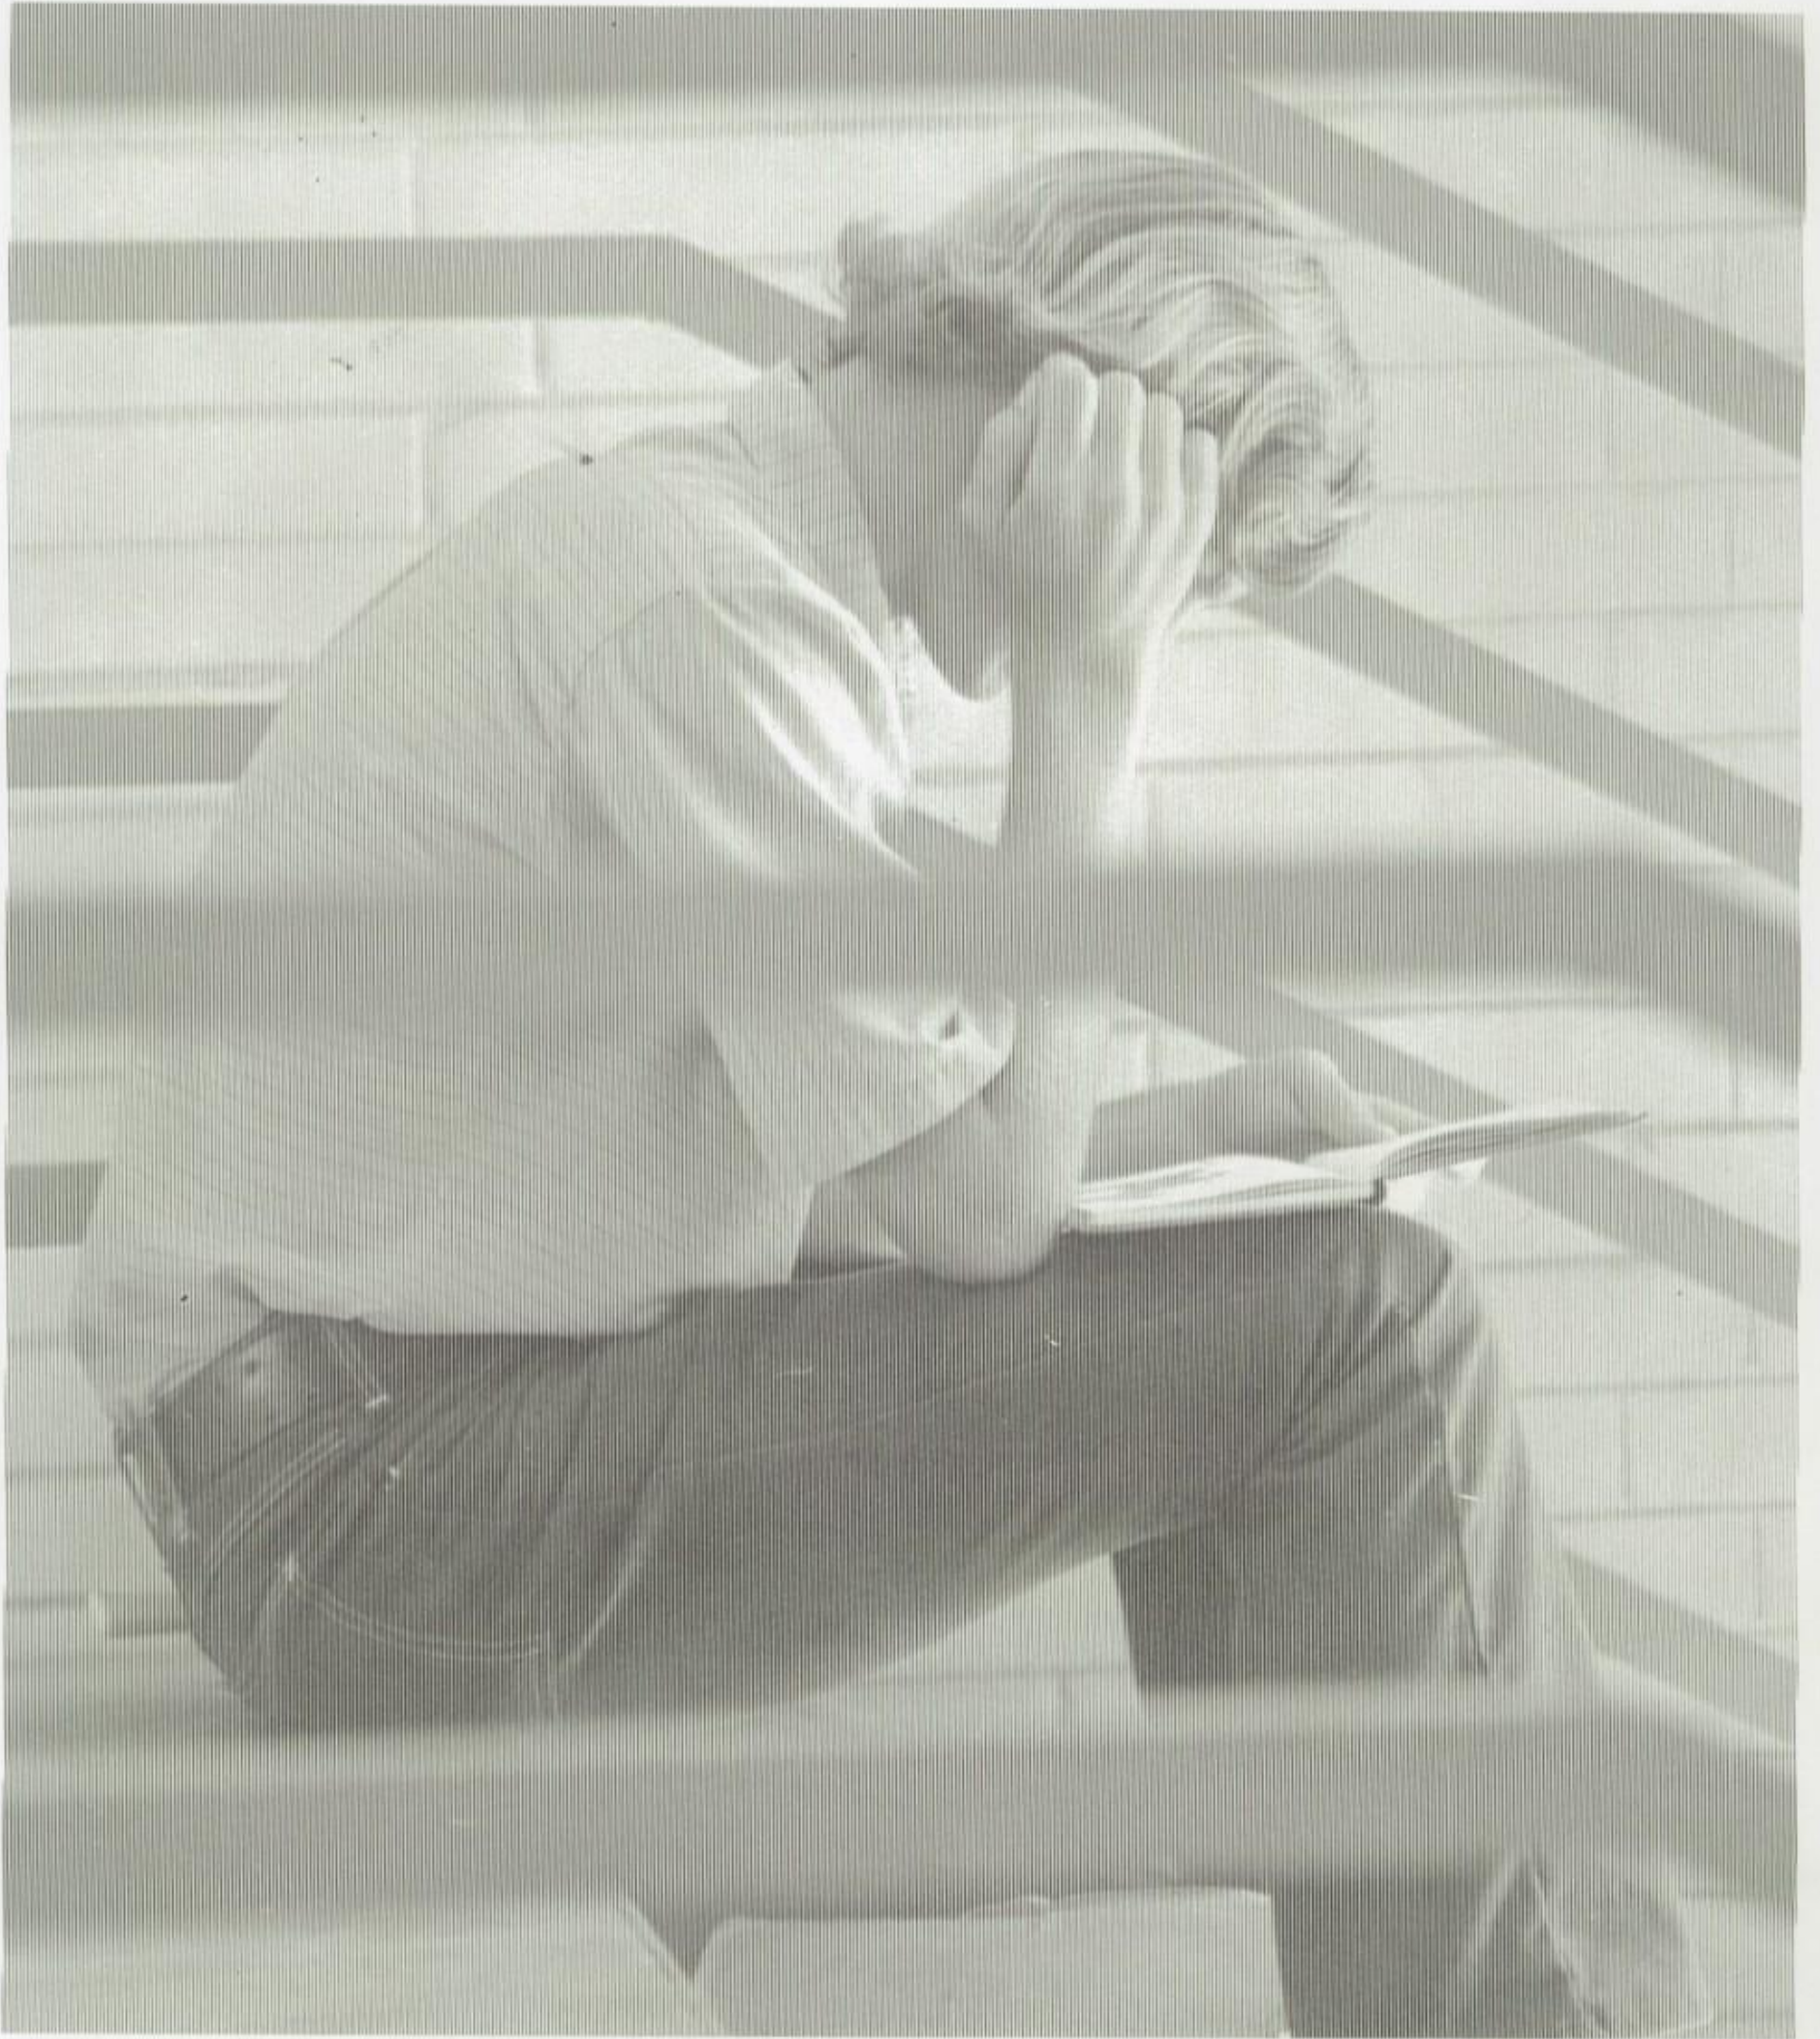

a time to celebrate, to sing, to dance,

to listen, to enjoy.

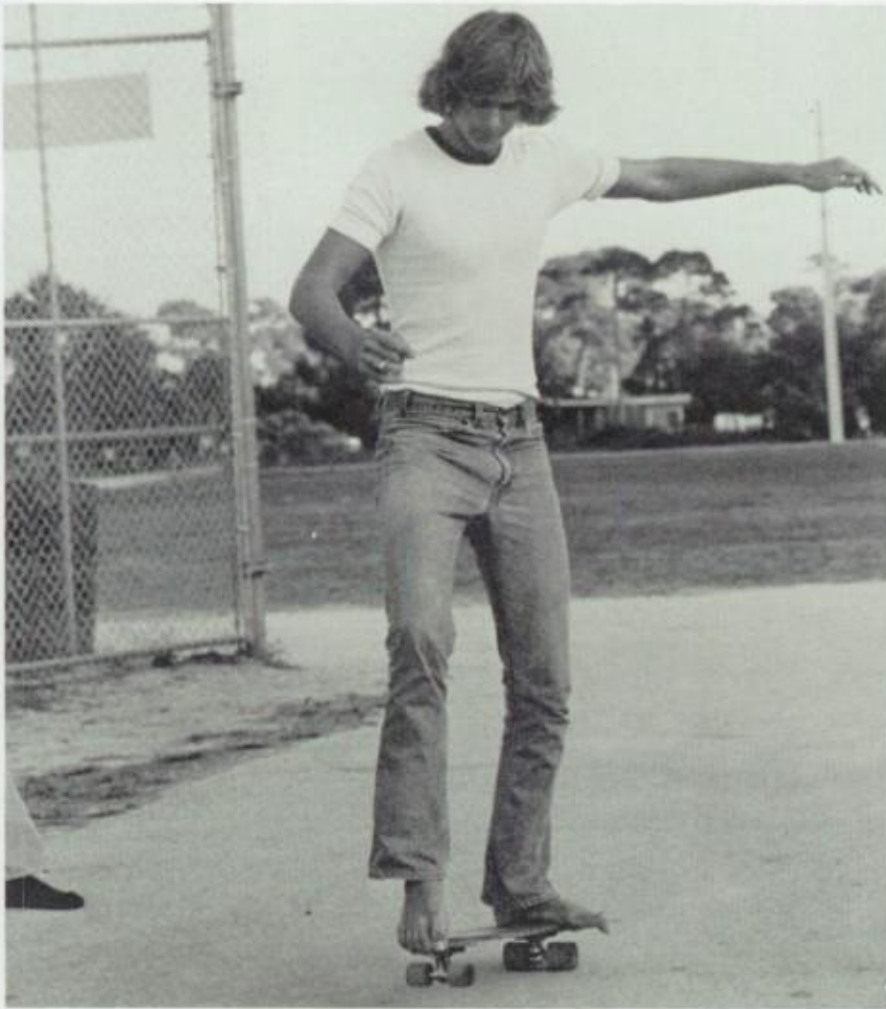

---

a time to concentrate, to absorb,

to respond, to achieve, to excell.

---

a time to try out, to practice,

to perform, to succeed.

a time to stay, to leave, to mingle,

to be alone, to converse, to encounter.

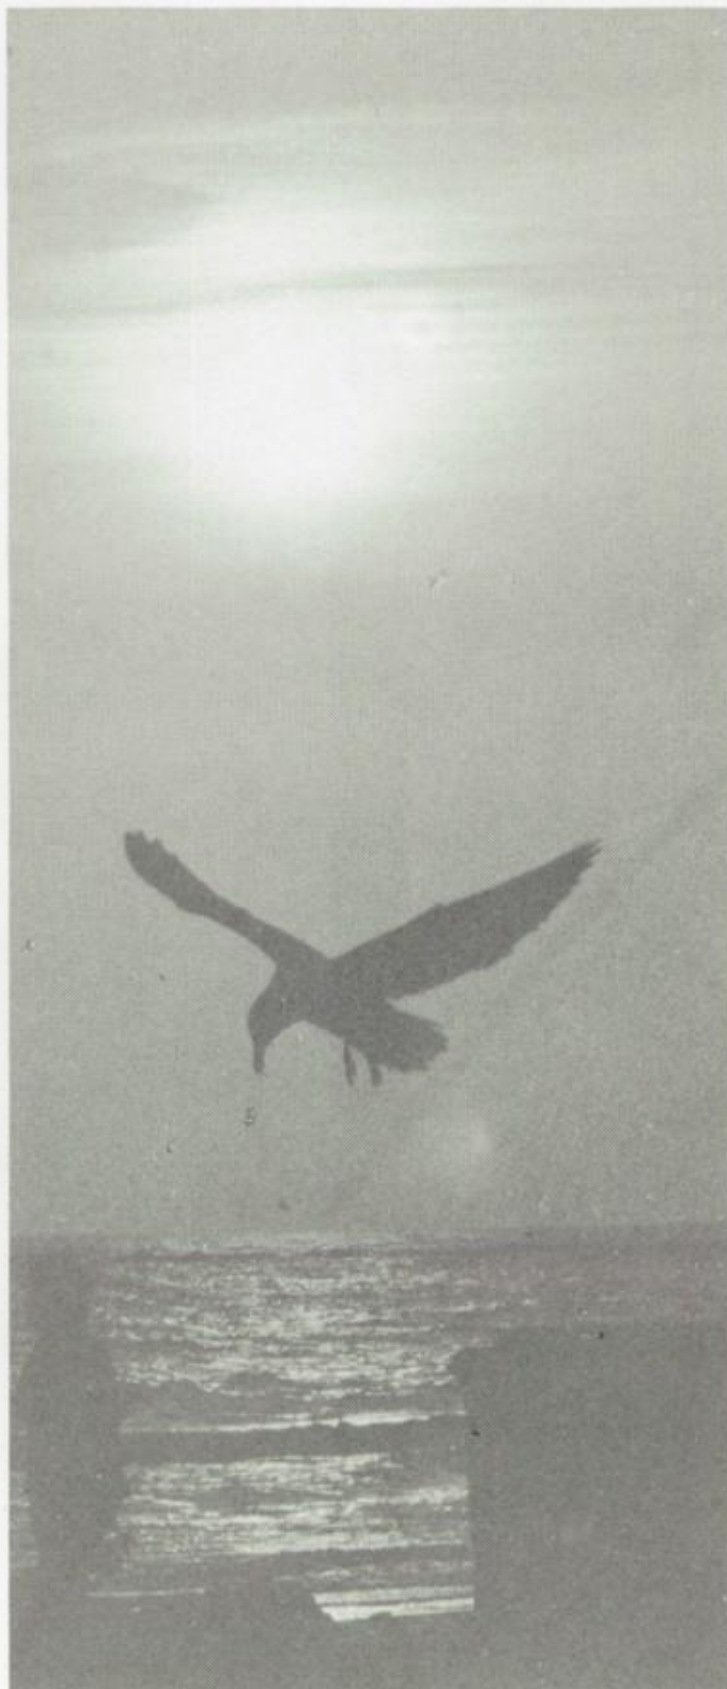

a time to be yourself, to gain  
understanding, to change,  
to grow, to foresee . . .

... to embark ...
